## Block B - WSET Level 4 in Wines

Building on the knowledge and skills gained from the WSET Level 3 Award in Wines, the Diploma deepens your understanding of how and why wine production and business factors influence wine's style, quality, and price. Your expertise is built theoretically, through a comprehensive study of many wine regions, and practically by developing your wine-tasting skills to an expert level. Successful graduates acquire exceptional analytical skills and proficiency in evaluative wine tasting, gaining global recognition as authoritative wine specialists.

The course suits people within the industry, either working in or wishing to progress into management roles. It is also suitable for serious wine enthusiasts wishing to build on their knowledge and acquire expertise in wine tasting. The WSET Level 4 Diploma in Wines is viewed universally as the stepping-stone to the Master of Wine qualification.

The Sydney Wine Academy delivers the WSET Level 4 Diploma Wines in a block format across two years.

**Block B is delivered in the second year, following Block A in the first year.**
